ENDOWMENTS

All Prizes not claimed within 12 months from the date of publication of the award shall lapse to the University.

All Scholarships not claimed within 12 months from the date of their becoming due shall lapse to their respective Funds.

[NOTE.—The value of the Scholarships, Medals, Fellowships, Lectureships and Prizes is liable to diminution on the repayment or conversion or other alteration in the conditions of the loan, and may be increased when the capital sum is increased by lapses or otherwise.]

In the following Regulations by the term "date of graduation" is to be understood the date of a Candidate's first receiving any Degree.

I

THE MUNGULDASS NATHOOBHOY TRAVELLING FELLOWSHIP

Munguldass Nathoobhoy, Esq., Justice of the Peace, in a letter to Government dated the 19th August 1862, offered the sum of Rs. 20,000 in 4 per cent. Government Securities for the purpose of endowing a Travelling Fellowship for Hindu Graduates of the University of Bombay. This offer was accepted at a meeting of the Senate held on the 26th March 1863, and the following Regulations (subsequently amended) were passed for the awarding and tenure of the Fellowship:—

1. "THE MUNGULDASS NATHOOBHOY TRAVELLING FELLOWSHIP" shall be open to all Graduates of the University of Bombay being Hindus who shall not be of more than five years' standing from the date of their graduation.

2. Candidates for the Fellowship must forward an application to the Registrar under the prescribed Form one week before the day of election. Candidates are required to forward with their applications certificates of their physical capacity to undergo the course of life and study which they propose to follow, signed or countersigned by a Presidency or Civil Surgeon.

3. The election shall take place without examination by the votes of the Syndicate, the Vice-Chancellor or Senior Fellow present having a casting vote.

4. Whenever there is a vacancy in the Fellowship, a convenient day for holding an election shall be appointed by the Syndicate, who shall give due notice of the same in the *Government Gazette*.

5. The Munguldass Nathoobhoy Fellowship shall be tenable by any one Fellow for a space of three years. The conditions of tenure are that the Fellow must leave Bombay and proceed to Europe within two months after his election; that he shall spend the whole of the three years subsequent to the date of his leaving India for Europe, out of India, and six months at least out of each year in Great Britain or Ireland; and that he shall report twice a year to the University Registrar as to the mode in which his time has been spent.*

NOTE.—Writers of Essays for University Prizes and Medals must always give authorities for statement made where the statements are not their own, and a list of all the books consulted, or referred to in the Essays, and specific references for all statements which demand verification. Disregard of this rule will be taken into account in adjudging the Essays.

* The report to be submitted on 1st January and 1st July of each year, or as soon thereafter as possible. With each report should be submitted a certificate in the subjoined form with printed copies of which the Fellow will be supplied when leaving India:—

I certify that _____ has been studying
in the University of _____ for the last _____ month and has
passed _____ Examination or has been regular
and diligent in study.

The certificate should cover the period of six months preceding each of the abovementioned dates. If the Fellow has not been attending any course of lectures during such period or any part thereof he should furnish a certificate showing how and where he has spent his time otherwise than in attending lectures. Such certificates will be accepted if signed by a Clergyman, Magistrate or Justice of the Peace.

6. Any violation of the above conditions shall *ipso facto* cause the Fellowship to be vacated; and the Syndicate shall be empowered, for any just cause, to recall and deprive of his Fellowship any one who may have been elected.

7. The Munguldass Nathoobhoy Travelling Fellow shall receive through the University Registrar, in half-yearly instalments, payable in advance, from the day of his leaving India, the interest due upon the endowment, together with any accumulations that may have taken place during previous vacancies.

THE SIR JASVANTSINGJI SCHOLARSHIPS

His Highness Sir Jasvantsingji, K.C.S.I., the late Thakur of Bhavnagar, having set apart a sum of money to commemorate the visit of His Royal Highness the Duke of Edinburgh to Bombay in 1870, a sum of Rs. 25,000 was invested in Government 4 per cent. Paper, which the Joint Administrators of the Bhavnagar State offered to the University, in July 1873, to found six Scholarships, to be called "THE SIR JASVANTSINGJI SCHOLARSHIPS," two to be awarded every year to the Candidates who pass the Matriculation Examination after having studied for two years continuously before Matriculation in the Bhavnagar Alfred High School.

At a meeting of the Senate, held on the 11th November 1873, the offer was accepted by the Senate with their best thanks.

In a letter, dated the 5th January 1916, the Dewan of Bhavnagar suggested on behalf of the Bhavnagar Darbar an amendment of the regulations for the award of the Scholarships whereby the benefit of the Scholarships, instead of being restricted to students of the Bhavnagar Alfred High School, might be extended to students of any recognized

High School in the Bhavnagar State. The suggestion met with the approval of the Senate on the 26th February 1916 and the rules of award were amended accordingly.

The Scholarships are awarded in accordance with the following regulations: —

1. Two Scholarships, to be called "THE SIR JASVANTSINGJI SCHOLARSHIPS," one of rupees 14 and one of rupees 10 per mensem, shall be awarded every year to the two Candidates who shall have passed the Matriculation Examination with the highest number of marks after having studied for two years continuously before Matriculation in any recognized High School in the Bhavnagar State, whether conducted by the State or by private agency.

2. The Scholarships shall be tenable for three years at any College recognized by the University of Bombay.

3. The Candidates elected must satisfy the Registrar, within six weeks from the date of election, that they have duly joined a recognized College or Institution.

4. The stipend of the Scholarship shall be payable half-yearly on a bill drawn by the Head of the College, who shall certify, under his signature on such bill, that the Scholar is in regular attendance (except in case of sickness) at the College, that his conduct is good, and that his progress in University studies is satisfactory.

5. In the event of a Scholar failing to pass the University Examinations in the course in which he is studying, at the earliest opportunity in each case, his Scholarship shall be forfeited, provided always that it shall be in the option of the Syndicate to continue his Scholarship to such Scholar if they think fit.

6. In the event of there being no Candidates entitled to receive the Scholarships, or in case of their lapsing during the course of the three years for which they are tenable, the money shall be reserved to be applied by the Syndicate in such manner as they shall think best fitted for furthering the object of the endowment.

LXVI

THE GOVERNMENT OF INDIA SCHOLARSHIPS

To encourage "the youth of this country to proceed to England for the purpose of completing their education either at the University of Oxford or at the University of Cambridge," the Government of India resolved in February 1886 to institute six

Scholarships tenable in England for a period of three years by Natives of India,* two being awarded every year, and to place them at the disposal of the Indian Universities in rotation. It was left "open to each University to consider whether a special examination should be held for the election of the scholars, or whether the election should be made on the results of its ordinary examinations."

At a meeting held in April 1890, the Senate resolved that the award should be made by the Syndicate on the basis of the whole University career of the applicants.

Nomination to the Scholarship is made by the Syndicate in accordance with the following Regulations, whenever the Scholarship is placed at the disposal of this University :—

1. The Government of India Scholarship shall be awarded to Graduates† of the Bombay University, the award being made by the Syndicate on the basis of the whole University career of the applicants as shown in the results of all the University Examinations which they have passed.

2. Candidates for the Government of India Scholarship must, if Graduates in Faculties other than that of Medicine, be under 22 years of age, and, if Graduates in the Faculty of Medicine, under 24 years of age, on the last day for sending in applications.‡ Domiciled Europeans and Eurasians are not eligible.§

3. Applications for the scholarship must be forwarded to the Registrar so as to reach him not later than the Thursday following the third Tuesday in February of the year in which the Scholarship is at the disposal of this University. The Scholarship when available will be announced for competition at least two months before the last day for sending in applications.

4. Competitors should forward with their applications :

(a) declarations to show that they have the consent of their families to proceed to England ;

(b) certificates of their good conduct from persons of respectability and position with whom they may be acquainted ;

(c) certificates of their knowledge of the English language from one or more of the Professors of the Colleges in which they may have been educated ;

(d) certificates of their physical capacity to undergo the course of life and study which they will have to follow in England, signed or countersigned by a Presidency or Civil Surgeon ;

(e) statements showing the general course of study* which they propose to follow, and the University which they intend to join.

5. The Scholar will be required to proceed to England|| within a reasonable period from the date of his election and to reside there for a period of three years, unless compelled to return sooner by ill health.

6. He must join either the Oxford or Cambridge University at the opening of the October term, and he must select, once for all, the course of study to be followed by him in England.

7. Each Scholar will be entitled to receive free passage, and free passage on his return to India, if he should complete the full period of three years' residence or be compelled by sickness to return before the completion of that period.

* For the purpose of these Scholarships the term "Native of India" is not to be interpreted as excluding a person who, though born in a Native State or temporarily residing in a Native State, is domiciled in British India. A Local Government or Administration within whose jurisdiction such person is domiciled, is at liberty to recommend him, if otherwise suitable, to the Government of India.

†The Government of India do not consider women eligible for the scholarships.

‡Candidates are required to furnish along with their applications proofs of their satisfying the conditions laid down in the regulation.

§In 1907 the Government of India obtained the sanction of the Secretary of State to the grant of one scholarship annually, tenable at an English University, for members of the domiciled European and Eurasian community in India, on the understanding that candidates belonging to these classes would no longer be regarded as eligible for the two University State Scholarships granted to natives of India.

¶It is the desire of the Secretary of State that scholars should not be selected for the Study of Civil Engineering.

||Scholars are instructed when proceeding to England to take with them the originals of their certificates, testimonials and other important personal documents. The production of these documents will enable the India Office to obtain for the scholars the best facilities procurable for their tuition and training.

8. The Scholarship will entitle the holder to an allowance at the rate fixed by the Government of India payable from the date of his arrival in England, and will be tenable for three years.

9. The tenure of the Scholarship will be strictly dependent on good conduct in England, and will be conditional on satisfactory progress being made in study; and each scholar will be required to bind himself by a written engagement to submit to such regulation as may from time to time be framed by His Majesty's Secretary of State for the guidance of the scholars.

The Scholarships have been placed at the disposal of the various Indian Universities in the following rotation beginning with 1917:—

GENERAL AND SPECIAL RULES GOVERNING THE GRANT OF STATE SCHOLARSHIPS

I.—GENERAL RULES

1. Candidates must produce medical evidence of physical fitness to undergo a course of study abroad.

2. Except in the case of University scholarships for which (subject to the approval of the Governments of India, Madras and Bombay) the Universities make their own selection, each Local Government is invited to nominate annually a candidate or candidates, as the case may be, and the Government of India select from among those nominated the candidates who appear to them the best fitted to hold the scholarships. For technical scholarships no candidate is to be selected by Local Governments on the result of a competitive examination either open or limited.

3. Full details including the name and occupation of the scholar's father and place of birth, a summary of his academic career in India and a statement of the course of study proposed to be followed in the United Kingdom, should be furnished for transmission to the India Office some time before the scholar's arrival in England.

4. When nominating candidates already resident in the United Kingdom, Local Governments should give the earliest possible intimation to the Government of India regarding the qualifications of such candidates, the course of study they propose to pursue and their address in the United Kingdom. The Government of India will then communicate these particulars to the Secretary of State, and will await a reply from him before selecting the scholars. The Government of India will transmit to Local Governments the views or instructions received from the India Office at the earliest possible date and, if necessary, by telegram.

5. Difficulties sometimes arise owing to scholars arriving in England with preconceived plans and ideas based on the advice of educational authorities in India as to the courses of study they should follow and the institutions to which they should secure admission, or owing to a scholar's unassisted efforts on his arrival to make his own plans without a sufficient knowledge of the requirements of the educational institutions in the United Kingdom. To obviate this cause of difficulty arrangements should be made to let the India Office receive in good time any special suggestion that may be made by college professors and other educational authorities regarding the course of training which a particular scholar might follow with advantage.

6. Selected scholars should communicate with the local Advisory Committee (in Burma, the local branch of the Burma Society) in order that they may obtain advice regarding certificates, etc., and they should, when proceeding to England, take with them the originals of their certificates, testimonials and other important personal documents suggested to them by the local Secretary to the Advisory Committee.

7. State scholars are required to proceed to England within a reasonable time from the date of their selection so as to arrive there not later than the middle of September, and to reside there for the period of their scholarship unless compelled to return sooner in consequence of ill-health. The scholarship will be payable from the date on which the scholars report their arrival in England. Selected scholars will be provided with a second-class passage to England and also with a second-class return passage if they carry out the instructions of the Secretary of State, and complete the full period of residence or are compelled by sickness to return within that period.

8. The scholarships carry with them no conditions as to any subsequent career or service under Government and no expectations of such employment are held out.

II.—SPECIAL RULES

University Scholarships

It is open to each University to consider whether a special examination should be held for the selection of the scholars, or whether the selection should be made on the results of the ordinary examinations. If special examinations are held the regulations which the University concerned may propose to lay down in regard thereto should be submitted for the previous approval of the Government of India, the necessary arrangements for the conduct of the examinations being made under the orders of the University authorities. The candidates for the special examinations, when such examinations are held, must be young men of proved ability, and will be selected by the Vice-Chancellor on the report of the syndicate or governing body, who will in their turn be guided by the opinions of the professors and examiners concerned.

RULES FOR GOVERNMENT OF INDIA (UNIVERSITY) SCHOLARS IN THE UNITED KINGDOM

1. All Government scholars are required to avail themselves of the information and advice which the Educational Adviser for Indian Students and the Local Advisers at University centres are in a position to give them, and to apply to their Local Adviser for instructions as regards their studies and in any circumstances of difficulty. The Local Advisers at Oxford, Cambridge, Manchester, Edinburgh and Glasgow have charge of Government scholars studying at those Universities. Scholars studying at other British Universities will be under the charge of the Local Adviser in London. The Adviser is the proper person to bring before the Educational Adviser for Indian Students any matter requiring the sanction of the Secretary of State in Council.

2. Every scholar should on reaching England at once report himself to the Local Adviser in London at 21, Cromwell Road, S.W. Accommodation for new arrivals is provided in that house. After seeing the Local Adviser in London and consulting with him in regard to his course of study, he should also call on the Educational Adviser for Indian Students at the India Office.

3. Every scholar must obey all instructions which he may receive, either through the Educational Adviser for Indian Students or through his Local Adviser. He must consult his Local Adviser regularly in regard to his work and carry out any course of study which the Adviser may ultimately prescribe. Any course which requires and has received the sanction of the Secretary of State will not be changed without similar sanction.

4. Every scholar must from time to time, whenever the Local Adviser in London or other Local Adviser requires it, submit a certificate from the proper College or University Authority, showing that his conduct and progress in study have been satisfactory.

5. Subject to a due compliance with the above conditions, the scholar's allowance will be paid quarterly in advance by the India Office to the Local Adviser under whose charge he is. It will begin from the date of the scholar's reporting his arrival in England, and the Local Adviser will disburse it to the scholar in such instalments as convenience may dictate. Three months after the date of reporting arrival, the amount to the ensuing official Quarter Day will be paid to the Local Adviser, and subsequent payments will be made in advance on or after each official Quarter Day*. The allowance will be at the rate of £200 a year, except in the case of scholars admitted to Colleges at Oxford or Cambridge, whose allowances will be increased to £250 a year,† to cover the additional expenses involved.

‡6. Every scholar is required to lodge with the Educational Adviser for Indian Students, at the India Office, London, before his arrival in England, the sum of £25 for initial expenses. He will have no claim to payment of any instalment of his scholarship until this deposit has been made.

7. The necessary travelling expenses of scholars abroad by second class, or by third class if no second be available, will be defrayed by the Secretary of State. These expenses should be claimed on forms obtainable from the Adviser. Travelling expenses in the United Kingdom will be borne by the scholars themselves. Charges for University and College fees, for private tuition, for books, hotel bills and medical attendance, must be borne by the scholar and will not be defrayed by the Secretary of State.

8. No claim can be admitted for the payment of any expenditure unless the scholar has obtained *previous* sanction from the Secretary of State.

9. The scholarship is granted for three years, unless the Secretary of State in the exercise of his discretion sees reason to terminate it sooner. Every scholar will forfeit his scholarship who, not being disabled by illness or prevented by any other cause which the Secretary of State may consider sufficient, fails to comply with the Rules here set forth. It may be terminated at any time if a scholar fails in health or conduct.

10. On the expiration of the scholarship a scholar is provided by the India Office with a free second class passage to India, and he should apply for it without delay through his Local Adviser. He is not entitled to make his own passage arrangements, and to claim an allowance in lieu from the India Office. If a scholarship be forfeited, or if it be resigned before completion of its term, or if the holder of it, on completion of its term, declines to return to India when instructed to do so, the scholar will lose his claim to a free passage back to India.

‡The special attention of scholars is drawn to the rule that the necessary deposits for initial expenditure must be despatched to the Educational Adviser for Indian students in all cases before the scholars leave India.

At a meeting of the Senate held on the 8th August 1891 this offer was accepted with the best thanks of the Senate.

The Scholarship is awarded in accordance with the following Regulations :—

5. Should the Scholar discontinue his University studies, or be unfavourably reported on by the Head of the College, it shall be in the discretion of the Syndicate to stop payment of the stipend, or to declare the Scholarship forfeited.

6. Any surplus which may arise from the vacancy of the Scholarship during any year or part of a year shall be applied by the Syndicate in such manner as they shall think best fitted for furthering the object and purposes of the endowment.

7. The Senate shall have the power, whenever it may think fit, to modify or alter the terms upon which the Scholarship may be awarded, or otherwise to deal with the income of the Fund, provided the object for which the Scholarship has been founded is kept in view.

BENEFACTIONS

THE SIR COWASJEE JEHANGIR HALL OF THE
UNIVERSITY OF BOMBAY

Cowasjee Jehangir Readymoney, Esquire, Justice of the Peace and Fellow of the University, in a letter to the Vice-Chancellor, Sir Alexander Grant, Bart., dated the 27th April 1863, offered the sum of Rs. 1,00,000 for the erection of University Buildings, under the following conditions :—That Government contribute the remainder of the sum necessary for the buildings, and grant a site on the Esplanade, and that no subscription from any other private person be received for this object.

This offer was accepted by Government and referred to the University and at a Convocation of the Senate, held on the 18th July 1863, the following Resolution was passed :—

“ That the Senate accept the noble gift of Cowasjee Jehangir, Esquire, with the liberal augmentation offered by Government and with the recognition of the liabilities imposed on this University by its holding the University buildings, when completed, according to the Act of Incorporation ; but on the understanding that Mr. Cowasjee concurs in the interpretation which Government puts upon his conditions in the third and fourth paragraphs of its letter No. 260, dated 29th May 1863, to the address of Sir Alexander Grant, Bart., Vice-Chancellor.”

Note.—The interpretation of Government, referred to, was as follows :—

“ His Excellency in Council understands the third condition specified in Mr. Cowasjee Jehangir’s letter as implying that a building for the University is to be completed at the joint expense of that gentleman and of Government without accepting contributions from any other source, so that it may form in itself a separate and permanent monument of Mr. Cowasjee Jehangir’s desire to provide the University with a local habitation.

“ As, however, the duties and wants of the University increase, His Excellency the Governor in Council hopes that the example so worthily set by Mr. Cowasjee Jehangir will be followed by other University benefactors, and Government feel assured that that gentleman would be the last to exclude those who may wish to follow his noble example from adding to or adorning the edifice which he has been the first to raise.”

This interpretation was formally accepted by Mr. Cowasjee Jehangir in a letter to Government dated the 8th August 1863.

At a meeting of the Senate, held on the 4th March 1875, the following Resolution was unanimously passed :—
